Critical Qualities

Mental Agility. A suitable candidate has the ability to understand the role and translate it into day-to-day actions; s/he can solve issues and/or problems in a systematic manner; and who has the confidence to handle difficult situations.

People-person. You should have the ability to handle interactions with both clients and colleagues in a manner that gets the job done.

Critical thinker. As an integral part of the team, you should think clearly and rationally, and make logical connections between ideas to create a wise decision.

Persistent. It is a necessary component of the role to ensure that you are able to carry out the requirements demanded of the role.

Operating Principles

Purpose-driven. We are looking for individuals who are aligned with our mission and are motivated by working on healthcare technology that can positively impact millions of lives around the world.

Do it right, from the start. We believe in starting from first principles and putting in the hard work now to avoid more work down the future. Our LifeSys™ platform, built from the ground up, reflects this.

Radical transparency. We want our people to keep growing and improving. Receiving and giving feedback is critical for this. We expect people to be upfront, open and willing to learn from each other.

Crush the bottlenecks. We are always focused on the critical path to achieving results. We expect our members to be relentlessly efficient in clearing the obstacles to this critical path.

Going the extra mile. We like and reward team members who are not only good at their jobs, but will raise their hand and propose projects or solutions that help take Lifetrack forward.
